

PROJECT BACKGROUND

- The school district closed Crestmoor/ Peninsula High School
- The school site was purchased for single-family homes development
- The creation of a City-owned park area was included in the development plan for public use
- The master planning process for the fields includes community engagement to help guide the design

PROJECT GOALS

- Build on initial site planning efforts by the developer and the city
- Develop a master plan that balances the needs of all stakeholders and users
- Meet the needs of sports user groups
- Relocate soccer facilities
- Provide a facility that invites multi-generational use
- Maintain sensitivity to adjacent residential uses
- Continuously evaluate the cost of improvements to ensure the project remains feasible and implementation is realized

DESIGN PROCESS

OUTREACH MISSION STATEMENT

Engage the community and stakeholders in order to build consensus on the desired amenities for the project and to ensure that their input is incorporated into the developing plans.
