

City Council Agenda Item Staff Report

CITY OF SAN BRUNO

DATE: September 27, 2022

TO: Honorable Mayor and Members of the City Council

FROM: Jovan D. Grogan, City Manager

PREPARED BY: Jennifer Dianos, Assistant to the City Manager

SUBJECT: Receive Written Update on the City's Response Efforts to COVID-19

BACKGROUND: This report is to provide an update on the City's response efforts to COVID-19, while the Emergency Operations Center (EOC) is activated. The information provided in this report is as of the time it was produced and may be subject to change.

DISCUSSION: San Mateo County Health provides regular COVID-19 data dashboards through their website, smchealth.org. San Mateo County Health reports as of Sept. 20, 2022, there are a total of 407 cases within the last 30 days in the City of San Bruno. There are approximately 94.3% of San Bruno residents are vaccinated as of Sept. 19, 2022. Additional statistics are attached to this report.

The San Bruno Emergency Operations Center (EOC) continues to review City services and modifications. There are no operational modifications to report to the City Council.

Residents that are interested in the COVID-19 bivalent boosters, which are effective against both the original strain of the virus and the Omicron variants, should visit myturn.ca.gov to find the closest clinic. Some clinics may require an appointment.

Eligibility for Updated Boosters (source: <https://www.smchealth.org/coronavirus>)

- Moderna Bivalent Booster is authorized and recommended for those 18 years and older.
- Pfizer Bivalent Booster is authorized and recommended for those 12 years and older.
- People cannot get a bivalent booster without first completing at least a primary series.
- The bivalent booster recommendation replaces previous booster recommendations for people 12 years and older.

Boosters should be administered at least 2 months after completion of the primary series or the most recent booster dose of the original COVID-19 vaccine.

FISCAL IMPACT: Since the declaration of emergency in March of 2020, the City of San Bruno has recorded the emergency expenditure of \$200,120 out of the City's emergency reserve funds for COVID related operations. In total, the City has recorded a total COVID related expenditure of \$2.08 million including facilities enhancement projects (i.e. keyless entry system to City Hall), COVID-19 personal protective equipment (PPE) supplies, and initial response and adaptation to remote programming/services.

There are no additional expenditures to report for the specific period of this report.

ENVIRONMENTAL IMPACT: There is no environmental impact. The action is not a project subject to CEQA. City Council's action is not considered a "Project" per CEQA Guidelines and therefore no further environmental analysis is required.

RECOMMENDATION: Receive written update on the City's response efforts to COVID-19.

ALTERNATIVES: The City of San Bruno's Emergency Operations Center remains activated and there are no alternatives proposed at this time.
